

SLCT TIMES

Sterling-Lancaster Community Television

A Note From Your Director

Brainstorming session is in the works... Matt and I are looking forward to blocking off some quality time offsite to develop a master plan to establish and implement steps to provide a higher level of public awareness. Also, an exciting piece of news I would like to share is that SLCT's production of "PAWDOPTION" was picked up by Leominster Access Television! This show is now airing in five local communities!

SLCT SIGN INSTALLED IN LANCASTER!

We are pleased to share our newly installed Lancaster sign with you.

Special thanks to our volunteer Arthur Joseph for donating his time, materials, and talent to make this sign possible.

October Highlights

- ◇ MA Gaming Commission public hearing
- ◇ Lancaster special town meeting
- ◇ VPN installed in Sterling and Lancaster
- ◇ Field trip to TLC production set in Newton

Future Events

- ◇ Offsite thinktank meeting
- Attend the New England Broadcast and Cable Expo at the DCU Center in Worcester
- ◇ Insulation / winterization project in Lancaster

SLCT TIMES

Welcome New Members!

EMIR MEYER is a foreign exchange student from Germany, and was introduced to us by Bolton Access TV. Emir is interested in learning more about the filmmaking process, specifically documentaries, and we are pleased to welcome him to our team!

Ideas Anyone?

Have an idea for a show?

Contact Matt or Myself and we'll help you develop it, provide the equipment and training for you to shoot, edit, and air it!

Purchases

Adobe Creative Suite 6
Production Premium software

2-light portable fluorescent kit

Training

Emir and Sven have taken advantage of the training sessions we offer and have had several opportunities to implement what they are learning!

We were able to go to a TLC production set in Newton for hands on training of a Canon professional grade broadcast camera which we were introduced to at the recent trade show. We were able to bring back test files to see if this product would streamline our editing workflow and boy, did it!

Do you know....

What does "DVD" stand for?

Answer on page 3...

Get to Know Your Board

SLCT's Board is made up of 10 individuals, five from Sterling and five from Lancaster. The Board governs the direction of the company via strategic planning, goals, objectives, and budgeting.

Our featured Board member for November is Joe Gunther. Joe has resided in Sterling since 1979 and is an original member of Sterling Cable TV Committee. He has degrees in Television/Radio and Rhetoric. Joe is a retired employee of Edward Jones Investments, and is a Boy Scouts of America Eagle Scout. Other volunteer history includes Leominster Hospital (Chair), North Central MA Red Cross, BSA Nashua Valley Council, and Seven Hills Foundation.

When first invented in 1996, DVD was an initialism for the unofficial term "digital videodisk". Within the next few years, certain members of the DVD forum proposed "digital versatile disc" to express that DVDs can store other data formats. However, the forum never universally accepted this name and a 1999 report decreed that DVD was "simply three letters" and stood for "nothing". Since then, usage has varied and there is no universal agreement. "Digital versatile disc" has gained wide acceptance and is used by the official DVD charter, while others such as Toshiba (who maintain the DVD Forum website) use "digital video disc".
