Sterling-Lancaster Community Television

A Note From Your Director

I hope you all had a wonderful summer! We were busy this summer filming numerous events - our busiest yet! We worked hard to finalize the budget for the new fiscal year, and after 3 months we finally got it done! The good news is we have been able to create a template in an effort to streamline the process for future budget review and development! We look forward to providing the newsletter on a regular monthly basis going forward... Stay tuned!

Teaming with Bolton on projects...

We have enjoyed collaborating with Bolton Access TV on projects this summer. There was the 87th Wachusett Firefighters' Muster and Bolton's 275th anniversary. Bolton's volunteers were involved with these events so we were happy to offer a helping hand to film and help edit these events.

We built a portable power box which enabled us to provide AC power to our cameras and equipment in the field, which was available for use and tested at the Firefighters' Muster.

Summer Highlights

- ◇ Continued inventory process.
- ◇ Completed SALT film production.
- ◇ SMLD Video on Demand is operational!
- ◇ Our PA system was used for the first time at the 10th annual Sterling Farmer's Market.

Future Events

- ◇ Board of Directors Annual Meeting is scheduled for September 19, 2013 at 6:00 PM at the Sterling Senior Center.
- ◇ FY 2012-2013 Financial Review to be completed.

SLCT TIMES

Welcome New Members!

Arthur Joseph - Arthur has joined SLCT as a volunteer to help with Board of Selectmen Broadcasts and to help film local events. Welcome Arthur!

Ideas Anyone?

Have an idea for a show?

Contact Matt or Myself and we'll help you develop it, provide the equipment and training for you to shoot, edit, and air it!

Purchases

- GoPro
- DVD printer
- Work station / countertop
- Light meter
- 1' x 1' light panels
- B2 microphone

Training

Russell Whittaker of Broadcast Pix recently visited SLCT to offer his expansive knowledge regarding the operation and maintenance of our Broadcast Pix video switcher, which we use for Selectmen's meetings in both towns.

Do you know....

What is a "GoPro"?

Answer on page 3...

Get to Know Your Board

SLCT's Board is made up of 10 individuals, five from Sterling and five from Lancaster. The Board governs the direction of the company via strategic planning, goals, objectives, and budgeting.

The featured Board member for September is our Treasurer, John Ledoux. John is a Lancaster resident and has been with SLCT since its inception. John has worked at Polymer Concentrates, Inc. in Clinton as their Controller for over 15 years.

GoPro!

GoPro is a brand of high-definition personal cameras, often used in extreme action video photography. They are known for being lightweight, rugged, wearable (head-mounted) or mountable in unusual places such as outside planes, cars, or boats.

The Black Edition features a new 12 MP sensor that is capable of capturing 4K digital video at 15 fps, 2.7K video at 30 fps, 1440p at 48 fps, 1080p at 60fps, 720p at 120 fps and WVGA at 240 fps. The Black edition also includes the Wifi Remote. All three versions of the Hero3 come in a new 30% smaller and 25% lighter package, with WiFi functionality built in.
